

## *WELCOME TO THE EAST HADDAM ART LEAGUE*

We are a group of diversified artists who are painters, photographers, sculptors, sketch artists, musicians, carvers, writers, poets, actors and more!

Typically, we meet monthly on the first Wednesday of the month to discuss and prepare for upcoming EHAL shows and events, make members aware of shows across the state, socialize and enjoy some great refreshments...and of course, talk art!

The League is home to an avid group of plein air painters, pastel artists and sketch artists who meet Mondays from 10 a.m. to 1 p.m. at various beautiful settings throughout the area. Weekly emails announce the next location.

Some League artists have shown their work at The New Britain Museum of American Art, The Connecticut Academy of Fine Art, Spectrum Gallery in Essex, Slater Museum in Norwich, UConn Medical Center in Farmington, East Granby Public Library, Windsor Historical Society, Old Lyme Art Association, and Windsor Art Center, as well as at various fairs through the state, and venues outside of Connecticut!

The League has two shows annually. A Spring Show and a Fall Show are both held at the Rathbun Library in East Haddam. We host a reception that includes live music and refreshments, great conversations and a chance to meet art enthusiasts coming in to view our works.

We also exhibit our artwork at the Cooking Company in Haddam, Two Wrasslin' Cats in East Haddam and Primary Physicians of Middlesex County in East Haddam. These are ongoing exhibits, changed twice a year at the discretion of the artist and logged in and out of the logbook upstairs at Two Wrasslin' Cats. We also have an exhibit three times a year at the Town Municipal Building and organized by our exhibit manager.

Most of all, we love what we create. As a club, we are passionate about the process and can and do get happily lost in it. We are fortunate to have a group of like-minded artists who are willing to share their knowledge and expertise.

We look forward to getting to know you!
